March and April 2011

Our competition is now underway. Please see page 2 for entry details and conditions.

Good luck to all, we look forward to seeing photos of your cats.

Thumbelina's Story

Thumbelina was born in a small space between a house and a garage. The area was also home to three large dogs. Mother cat decided to move her babies but Thumbelina was left behind. We'll never know why—possibly mother was too afraid to return. This little 6 day old kitten came to us, eyes still closed.

A life too precious to leave alone.

She was fed 2 hourly, night and day, first with a syringe but graduation to a bottle because the syringe never held enough. She lost her cord the day after she arrived. In her very short life there have been many ups and downs. The down side is that the vet said she needs to reduce her intake as she has a loose bowel. How do you tell a 9 day old kitten she's on a diet?

She went to the vet in her basket for her check-up, her bottle tucked accordingly at the bottom. Thumbelina doesn't know the word DIET. We could not ascertain the sound coming from the basket. We lifted the lid. Low and behold we had a cat-burglar— she was helping herself.

UP-COMING

With the good will of Animates, Manukau the Trust will be outside their store in Manukau on March 19th. We will be having a "Memorial Tree" where the public can, for a gold coin donation, place a paper heart representing their loved pet onto our tree. Come and visit us between 9am and 4pm and meet some of the volunteers who make things happen.

Over the past month we have had the opportunity to get out into the public arena and "shake the Tin" Unfortunately, due to volunteers not being able to help with the cleaning of the cattery, we have not been able to raise funds in this way. Please pass the word that even if a volunteer can commit one morning a month it is a big help.

Contact Yvonne (2769960) and make your date with her.
