### ADOPTIONS:

Primrose, Melanie, Harpo, Zoe and Morgana have all forever homes.

Cara and Van are staying together in Birkenhead, while Jessica will go to her new home in Mount Eden in six weeks.

### INCOMING:

A pregnant cat; watch this space and our website for kittens for adoption.

We also received Carmen, who was thought to be pregnant but is in fact spayed.

One cat dropped off and one collected.

Also a wild cat who scratched the husband of a carer and was deemed "Too wild – put it down".

We now have a wild cat who is just a "pussy"

A huge thank you to Luke Adore who is an up and coming jewellery designer who has created the Nekomata cat ring, made of sterling silver and set with onyx. It is a symbol of the cats mystical effect on humans and he has designed these rings with all profits from the sale coming to us as he supports our cause. If you are interested in purchasing or would like further information view his website at [lukeadore.com](http://lukeadore.com).

The response to our fund-raising BBQs has been wonderful. Thank you to all who help run these. As this is a main source of income we will continue.

Our very grateful thanks to the gentleman who gave us a generous cheque at the Takanini BBQ. Rest assured it will be spent wisely.

Our thanks also to the donation of wool to be made into items for our future stalls.

We now have beautiful Christmas cards for sale. These come in packs of 10 for \$10. Come with envelopes and space for your own personal message.

See our website or phone 2769960

Cara and Van go to a forever home together. The perfect outcome for what the Cats in Need Trust is all about.

With the finer weather approaching we hope to again have garage sales.

If any one is interested in assisting contact us through our website, or phone 276 9960

"Dogs come when they're called; cats take a message and get back to you later." - **Mary Bly**
